Enterprise documentation

This section focuses on operational, security, and compliance details needed by enterprise deployments of Pault.

Contents

- `OVERVIEW.md`: Enterprise overview and audit scope.
- `SECURITY_PRIVACY.md`: Data handling, privacy posture, and permissions.
- `COMPLIANCE_AUDIT.md`: Audit checklist with evidence locations.
- `DATA_HANDLING.md`: Storage, retention, and backup expectations.
- `DEPLOYMENT_OPERATIONS.md`: Deployment, updates, and operations.
- `CONFIGURATION.md`: Preferences inventory and managed settings notes.
